## desderman® care

Alcohol-based hand rub for hygienic and surgical hand disinfection with panthenol and vitamin E, colour and perfume free

### Our Plus

- broad spectrum of efficacy (including viruses EN14476)
- hygienic hand disinfection in 30 seconds EN1500
- surgical hand disinfection in 90 seconds EN12791
- innovative skin care formula (pro-panthenol - complex & vitamin E) ensures optimal skin compatibility
- colour and perfume free to reduce allergic and skin irritation

### Application areas

- **hygienic hand disinfection (EN 13727 +EN 1500):**  
Rub a sufficient amount into dry hands, contact time 30 sec.
- **surgical hand disinfection (EN 13727 + EN 12791):**  
Rub a sufficient amount into dry hands and forearms, contact time 90 sec.

### Instructions for use

desderman® care is to be used undiluted. During the contact time for hygienic and surgical hand disinfection, the product should be applied in portions so that the hands or hands and forearms remain well moistened during the entire application time.
