

Colour- and perfume-free care balm for dry and demanding skin

New formula
with Sheabutter

sensiva® dry skin balm

Our Plus

- rich skin care
- moisturizing
- easy to spread
- does not reduce the effect of hand disinfection (desderman pure and desmanol pure)
- colour- and perfume-free
- dermatologically tested

Application areas

- to be applied to clean, dry hands
- special skin care for dry and demanding skin
- if necessary and after work
- for use in the food processing industry

Product Profile

- water- in-oil emulsion,
- contains Sheabutter, which restores the smoothness and regulates the moisture content of the skin
- has a calming and moisturizing effect on the skin

Instructions for use

Apply and rub in to the skin.

Apply to the back of your hand and rub at first the backs of your hands together, then the insides of your hands.

When applying pay particular attention to the places in between your fingers and the nail bed.

When applying product always use a pump or dispenser to prevent contamination.

The product does not contain perfume. Nevertheless, it may be that it does not always smell the same on the skin. This is because the skin structure of every human being is unique. Thus, an odorless product is perceived differently on different hands

- For hygienic reasons, the product should be extracted via pump or dispenser
- Rub the product gently into clean/dry hands
- Apply the product to the back of the hand and spread the cream with the back of the other hand
- Afterwards, apply the cream to the fingers also, and finally to the inside of the hands
- While rubbing it in, pay special attention to the areas between the fingers and to the nail beds

sensiva[®] dry skin balm
